

## Do NOT leave the Protest on the 6th - This is our TEST of Spirit! - MAGA!

**370**1 months ago by [Tenet](#) +370 / -0

2020 was a TEST RUN of how much people can tolerate.

The 6th will be a TEST of how passionate the active members of the population are about their Freedom!

2012 - Russian Federation held "elections" where "United Russia" and Vladimir Putin "won" despite massive recorded fraud. The same evidence you see about the 2020 election was present there, and more.

Russian Citizens marched out in protests in key cities.

"Opposition Leaders" guided them into organized protest zones.

In Moscow that zone was moved right before the protest to "avoid confrontation" into an area of the city with limited exits that was easy to surround.

Police brought reinforcements from regions that dislike the core cities and were brainwashed to hate protesters.

The protesters were surrounded, viciously beaten up, dispersed, and thousands were arrested - some on charges of "resisting police action" including fake injury reports. These people were charged and imprisoned for many years.

Smaller repeat protests were viciously suppressed, while many of the opposition leaders asked people to refrain from violent retaliation "now is not the time!".

The protest movement was betrayed and destroyed.

Now when people protest in other more remote cities, no one cares, they can walk out peacefully for months in some cities and it gets almost no coverage.

Do NOT let this happen in the USA.

Do NOT believe any leaders except President Trump's direct instructions.

GOP is controlled opposition - even people like Cruz and Paul. They are steam valves, designed to channel the protest into a gradual peaceful concession.

The USA is getting carved up into pieces by power hungry Uniparty bureaucrats.

2020 was a TEST RUN of how much people can tolerate.

The 6th will be a TEST of how passionate the active members of the population are about their Freedom.

Do not fail that test - there is no future if they do not fear 1776 or 1946!

Read our History!

The founders fought the British Empire in 1776, the peak of its power!

4 Ok, your info on the Russian elections is MSM propaganda. I have friends and family there who when asked, didn't know what I was talking about/said that wasn't happening. I myself was watching "protests" on Fox News. The signs were in Greek, not Russian. They used footage from the Greek protests and tried to pass it off as Russian. Fox issued a retraction when called out on it on the bottom of their website.

3 Edit: I apologize for the initial statement, I misread/confused you with someone else who was responding earlier.

I still have family both in Russia and Ukraine. I am a US Citizen of Russian heritage. I watched the footage coverage from cell phones and other cameras on the ground, not MSM. It matched what I was later told by relatives and friends, and what I could read in chats.

The protests had representatives from all the non-mainstream parties - Nationalists, Reform, Anti-Corruption, Libertarians, Nazbols, Commies, and even some Ancoms. They wanted fair elections, not ballot harvesting and fake vote dumps.

Fox is controlled opposition, I never trusted them and don't care if they fucked up.

3 Well, I'm definitely not a Soros shill. I've literally fought for this country. Also, considering how hard you are pushing a mainstream narrative makes one wonder if you are? It's no secret the Globalists hate Putin's government, so by extension, you support globalism?

4 EDIT: I apologize, I thought you were someone else - it was meant at the other poster. My mis  
▼ I am an anti-globalist. Check my posting history. ✓

who approved the sale of Uranium One?

Democrats pretend to hate Putin while actively working with him in stealing taxpayer money. They need a scarecrow to expand NATO at our expense.

I'm well aware that the Opposition "Leaders" who hosed the protest in Russia are connected to the US deep state, and are all "grant eaters" who get our taxes. This doesn't mean that the PEOPLE didn't protest or that elections weren't stolen in 2012.

I'm aware grant eaters like Navalny are staying silent or accepting the same type of election manipulation because they depend on Obama/Biden/Clinton money. Both the regime and this controlled opposition are the enemies of the people.

That's the problem: Fake controlled opposition will be used in the USA just the same, with just the same funding and methods."

This is not mainstream narrative - the mainstream push for Russians to accept the fake opposition leaders just like they push Americans to accept the GOP/DNC agenda.

The populist movement in Russia is suppressed. The populist movement in the USA still has a chance.

At no point have I seen the CCP fight globalists. They are one and the same IMO. Putin uses who he needs to here to further Russia's goals, as he should as President of Russia. If you are who you say you are cool, let's agree to disagree on Russian politics and concentrate on what matters in this country.

I edited my initial post - I didn't realize you were a different person, I thought it was another concern from the other person that responded. Sorry.

Agreed on the latter. What I hope is people learn from past mistakes of others and not trust the controlled opposition. There has to be an actual verification of signatures, not a "ten day committee" that will make some non-binding proclamation.

They managed to cover up Benghazi, Mass Surveillance, Obama's IRS crimes, their meddling in the 2016 election, and a bunch of other instances - openly lying to the US citizens while under oath.

They cannot be allowed to cover up massive fraud the same way.

Yes.

-6 Who's paying? They got paid in 1776 so who's paying?

5 What are you asking?

The British Crown was paying the Mercenaries that suppressed the founders in the 1770's.

The local Democratic party controlled Sheriff's office was paying the thugs to cheat in elections in Athens, McMinn County, Tennessee in 1946.

Now Silicone Valley, CCP in China, and globalist scum like Soros are paying off both parties to suppress our votes in 2020, on an unprecedented scale!

We know who is paying. USA freedom should not be for sale!

5 Are you asking that seriously, or are you trolling? Hard to tell right now.

Explain yourself in detail.

-6 Washington's troops were paid, who's paying us?

▲ Tenet [S] 1 months ago +6 / -0

6 The initial moves by the States were by citizens that equipped themselves and were not paid. They were converted to regular paid troops later.

When there is a movement to support, the millions that voted for Trump will mobilize and provide the funding or donate resources directly.

Why is your posting history filled with demoralizing / critical messages? Why are you pushing this "payment" angle at this time?

-5 Why? Because who is paying, that's why. If I was an agent do you think I would allow a post history? If you actually go through my whole history you wouldn't be asking shit.
